D. RECONCILIATION WITH THE BUILDER'S FIGURES

Builder's published carpet areas: clinic x05 = 1,639 + x06 = 684 + x07 = 903
= 3,226 sf (C.A. of the three clinics, excluding their toilets and the
8'-0" passage strip absorbed into the combined unit).
This plan's computed net = 3,729 sf — the difference (~503 sf)
is the toilets + passage + service strips included in the merged demise.
Final chargeable/RERA area to be confirmed from the builder's agreement.
